Team Abbott Win Celilo June 26th 2010

In 2009 father/son team Don and Randy Abbott had just joined the Columbia River Bassmasters when they scouted the Celilo Pool in preparation for a CRB tournament. High wind warnings forced the club to re-locate the event that year. Although it was considered, this time the event was not moved. High winds, bluebird skies, and post spawn conditions greeted the 8 teams that launched. Don and Randy found their fish and last season's pre-fish finally paid off. Located on one stretch between two points Don and Randy threw Jigs and spinnerbaits and let the area replenish itself throughout the day. Don caught their two largest fish on back to back casts. These fish had 3 and 4lb length, but they had just spawn and none weighed more than 3lbs. They estimated their spot delivered over 40 fish. Congratulations to Don and Randy for their 1st win!

By contrast 2nd place finishers Shon Childers and Rich Lockhart drove up and down and the choppy pool, covered many spots, and never returning for a second chance. For the final four hours they carried a keeper they could not cull. Rich got on a productive spinnerbait bite and Shon asked if he had a spare he could use. Rich said most of the fish in their bag were Shon's including the tournament's big fish 2.81lbs. Another father/son team Jim and Jeremiah Massey finished in third place.

Randy and Don Abbott 1st Place 12.43lbs

Shon Childers & Rich Lockhart
2nd Place 11.98lbs

Team Massey: Jim & Jeremiah
3rd Place 10.41lbs

Special Boat Supply Opportunities

*** **YAMALUBE 23.99/gal** ***

At some retailers Yamalube prices have increased significantly. Auburn Marine has Yamalube in bulk. A 2.5 gal container sells for \$57.99.

Provide a clean container that seals and I'll shuttle Yamalube from Auburn each month while I'm on business in Seattle.

Bring your container to the meeting.

Exide Batteries

I picked up this Marine starting/Deep Cycle with 625 CCAs and 120 reserve amps NEW for \$40. This battery starts the engine and runs the live wells and electronics on my Triton.

See John at Interstate Batteries of Columbia River 3421 NE 109th in Vancouver 360 944 8155. John will consult with you on all your needs.

It's a special buy on low cost Exide Batteries.

Tell John the CRB sent you!

Wednesday Night Fun Fishes

All Summer Long! Presently launching at Portco at 6pm and weighing in at dusk. Take advantage of long Northwest summer evenings. \$10 fee. Not CRB sanctioned.

The California Exchange 7-31, 8-1

A group of four or five guys are driving up from Sacramento to get on our back seats for smallmouth and in turn some of us will travel to N Cal and they will host us for Largemouth on either Clearlake or the Delta. The date we travel to CalY might not be until spring of 2011- it's TBD, but put one or both of these days on your calendar and host these bassers that have heard about our fishery and want to strap it on.

Their plan is to drive up US 97 and stay at either Celilo or La Page Park and camp. Contact Zip and let's show them Northwest bass fishing they will never forget.

Meeting Night Swap Shop

Got Gear? Got gear you want to move? Bring it to the club meeting and wheel and deal with club members and guests. When it comes to fishing tackle one man's cull is another man's next tournament winner.
